Dear Mr. President:

On behalf of the Republican Study Committee (RSC), the largest multi-issue caucus in the U. S. House of Representatives, with more than 110 social and economic conservatives, I once again request a meeting with you along with leading RSC Members to discuss issues of mutual concern and priorities for our nation, particularly health care.

While we appreciated our meeting last week with Health and Human Services Secretary Kathleen Sebelius, who promised us she would pass along our positive health proposals to you, we believe it imperative to meet with you personally to discuss our health care solutions, as well as our concerns with legislation currently advancing through Congress.

As you asked for Republicans with solutions to discuss health reform proposals with you at the White House, we look forward to getting on your calendar soon. Please contact RSC Executive Director Paul Teller at [paul.teller@mail.house.gov](mailto:paul.teller@mail.house.gov) or (202) 226-9718 to work out the details. Thank you.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tom", with a long horizontal line extending from the end of the signature.
