

10th AMENDMENT TASK FORCE

Federalism: The Founders' Formula for Freedom

A project of the Republican Study Committee ([RSC](#))

10TH AMENDMENT TASK FORCE BILL OF THE WEEK

This week the 10th Amendment Task Force is highlighting the **State Right to Vote Act** introduced by Rep. Jeff Duncan (SC-03). The Support our States Act would protect states whose voters have approved constitutional amendments that protect the secret ballot in union elections. The federal government should not be dictating to states what labor laws apply within their borders. We strongly encourage all Members of the Task Force to consider supporting the **State Right to Vote Act**. The deadline for original cosponsorship is COB Thursday, March 10th.

A Dear Colleague and the current list of cosponsors is included below:

Support Our States

Defund NLRB's Card Check Lawsuit

Dear Colleague:

The National Labor Relations Board has overstepped its bounds once again.

This time, the NLRB is threatening to sue four sovereign states whose voters have approved constitutional amendments that protect the secret ballot in union elections. Those states – Arizona, South Dakota, Utah, and my native South Carolina, are prepared to stand up to this federal intrusion on the rights of their citizens.

I believe that our states should be able to fight this on a level legal playing field. That's why I am introducing The State Right to Vote Act this week to strip the NLRB of funding authority for these legal actions. If the UAW or the Teamsters

want to sue these states, they still can; our amendment simply prevents the federal government from using taxpayer dollars to strong arm the process.

I hope you will join us in standing up for our states and for the sanctity of the secret ballot process. You may become an original co-sponsor to the bill (or ask any questions about the legislation) by contacting my Legislative Director Joshua Gross at Joshua.Gross@mail.house.gov or 5-5301. **The deadline for original cosponsorship is COB Thursday, March 10th.**
