10TH AMENDMENT TASK FORCE BILL OF THE WEEK

This week the 10th Amendment Task Force is highlighting H.R. 2514, the Academic Partnerships Lead Us to Success Act or **A-PLUS Act** introduced by Rep. Rob Bishop (UT-01). The purpose of the **A-PLUS Act** is to give states and local communities maximum flexibility to determine how to improve academic achievement and implement education reforms as well as to reduce the administrative costs and compliance burdens of federal education programs. This legislation directly addresses the second goal of the Task Force to “*Develop proposals to disperse power to regional entities, states, local governments, private institutions, community groups, families and individuals.*” We strongly encourage all Members of the Task Force to consider supporting the **A-PLUS Act**.

H.R. 2514 is supported by 10th Amendment Task Force co-founder Rob Bishop (R-UT) as well as 28 other members of Congress. If you would like to cosponsor this legislation, please have your staff contact Wayne Bradshaw at 5-0453, or wayne.bradshaw@mail.house.gov.
