Dear Representative:

The voters sent a clear message in November's election that business as usual in Washington must come to an end. Washington cannot continue this irresponsible and reckless spending that jeopardizes our children's future. The national debt is a crisis that must be addressed by Congress.

With the federal debt growing from \$8.6 trillion four years ago to more than \$14 trillion today, a national emergency exists that cannot be put off any longer. Hard decisions will have to be made and cuts across the board will have to be part of the process. We must not continue to spend money that we do not have.

The Ohio Christian Alliance, with its thousands of supporters across the State of Ohio, commends Congressman Jordan, Congressman Garrett, Senator DeMint and the other Congressional members who have introduced the Spending Reduction Act. The Ohio Christian Alliance fully supports these measures to reign in the irresponsible spending of recent years to reduce our federal deficit. We urge you to support this legislation.

Sincerely,

Christopher Long
President, Ohio Christian Alliance
